Automatic Term Reweighting for Query Expansion Proceedings of the 22nd Australasian Document Computing Symposium https://doi.org/10.1145/3166072.3166074	2017

COMEDY PRODUCER

I founded Dunedin Comedy in 2018. As a necessity I have adopted a variety of production roles including: booking talent, marketing, graphic design, video editing, filming, photography, lighting, audio, ticketing, and stage management. I produce regular open-mics, pro-shows, and charity benefits, promoting mostly through our social media but also on local radio (The Edge, Radio One, and OAR FM).

STAND-UP COMEDIAN

As a performer I have been reviewed favourably at the Dunedin Fringe Festival, and won the 2020 Dunedin Comedy Award for best MC.
